Policies & Procedures Handbook
2019-2020

Revised 2/6/19 (THIS VERSION REPLACES ANY PREVIOUS VERSIONS)
Applicable Entities: 0359

POLICIES AND PROCEDURES
HANDBOOK

Thank you for selecting a Management Services Corporation property as your new home! We are very pleased you will be living with us. We hope that the information provided here will be helpful to you as you enjoy your new surroundings. Please remember the policies contained in the manual are part of your Lease Agreement and should be reviewed carefully.

We welcome any questions you may have regarding this manual and ask that you direct questions or concerns to your Property Manager who is eager to serve you.

As a Resident of a Virginia rental property you are required to abide by the provisions of each of the following:

a. The Virginia Residential Landlord Tenant Act
b. The Lease signed with the management company
c. The policies and regulations governing your property as stated herein (Policies are subject to change. If change occurs, written notice will be delivered to you.)

Policies and Regulations are made for your protection, to assist you in avoiding charges and penalties, and to continue to make your property attractive and comfortable.

Si usted no entiende Inglés, entonces usted debe encontrar alguien traducir este documento para usted.

Muchas Gracias

Charlottesville, VA 22903

Mailing Address:
P.O. Box 5186
Charlottesville, VA 22905

Management Office Hours are subject to change during peak and slow business seasons – please call ahead of time.

Our current hours of operation are:

Monday – Friday	8:30 a.m. to 6:00 p.m.
Monday – Friday	8:30 a.m. to 5:30 p.m. (June, July, August)
Saturday	10:00 a.m. to 4:00 p.m.
Sunday	11:00 a.m. to 2:00 p.m. (June, July, August)

Our office does close to observe specific holidays during the year such as, Memorial Day, July 4th, Labor Day, Thanksgiving (and the day after), Christmas Eve, Christmas Day and New Year's Day. Please contact our office in advance of any major holiday to assure the office will be open. Emergency Maintenance service is always available.

Management Phone Numbers

Property Manager	434-977-2702
Marketing/Leasing	434-977-8203
MSC Maintenance	434-971-6811
Gas Emergency	434-980-9800

RENT

During office hours, you may pay rent at our office in the MadHouse located at 780 Madison Avenue. Unfortunately, MSC is not able to accept cash payments at this location. After office hours please use the night drop boxes. One is located next to the front doors of our office and another is in the MadHouse parking lot near the entrance.

If mailing rent, please remit to: **MSC Accounting**
P.O. Box 5186
Charlottesville, VA 22905

For your convenience you may also pay online. Visit our website at livewithmsc.com for more details.

If you are looking for another way to make your rent payment automatically every month we suggest you contact your banking institution to make those arrangements. Most banks now offer free online bill paying and you can set up an automatic payment to MSC for your rent. Be sure a memo or note is set up to include your apartment address or account number. Please keep in mind that your bank will be mailing us a physical check and payment is considered paid when received by our office. You will need to make your request for automatic payments prior to the first of the month to ensure it is received on time.

Rent is considered to be paid when received by the office, regardless of the postmark date. Rent is due on the 1st day of each month for that month (i.e. January rent is due on January 1.) A late fee is automatically charged on the 6th of the month. Please allow extra time for holiday and weekend mail delivery. Please note that any balance (for example late fees, lock out fees, maintenance service fees, etc.) past due is considered rent and will be subject to late fees after the 6th of the month.

In accordance with the terms of the Lease Agreement, we suggest that payment be made with only **one check**. ***Only persons listed on the Lease can make rent payments*. If paying by check, be sure to write your apartment address on the check. Please remember that parents and/or guardians are not allowed to make payment unless prior arrangements are made with your Property Manager.**

ANY PAYMENT RETURNED FOR NON-PAYMENT WILL NOT BE RE-DEPOSITED. If a payment is declined, a processing fee and late fee will be applied to your account in accordance with the Lease. Your account will be considered delinquent until all rent and fees have been collected. **You must submit cash, money order, or cashier's check for payment for any declined payment.** If two (2) payments are declined due to insufficient funds or banking problems you will be required to pay, from that point forward, by money order, cashier's check or cash.

Before dropping off or mailing your check, please make certain that the amount is written correctly, the check has been signed and your address is clearly written. These delays in payment will add late fees to your account as stated in your Lease.

We will make every effort to hold post-dated checks if they are made obvious (i.e. attach a sticky note to it, include note stating payment is post-dated, etc.). We cannot guarantee that a post-dated check will be held and assume no responsibility to credit any fees you may incur if a payment is not held.

EMERGENCY MAINTENANCE SERVICE: 434-971-6811

We provide emergency maintenance service for our Residents according to the criteria below.

Please call 434-971-6811 to report the problem. You will be asked to choose from three (3) options on our voice mail system.

Please listen to the entire voice mail menu before making your selection from the following:

OPTION 1 (voice mail choice 1)
Emergencies: We will provide an immediate response, 24 hours a day. In the event one of the following emergencies occur, MSC's after-hours technician should be contacted right away. Emergencies include, but are not limited to:

- Total loss of electrical power (Call Dominion VA Power first)
- Loss of heat
- Burst plumbing or flowing water
- Sewer back up
- Heavy rainwater leak
- Security problems (broken lock, broken glass, broken doors, burned-out exterior lights)
- Smell of gas (after calling MSC Facilities, call gas company at 434-980-9800)
- Anything with the potential to cause damage or harm
- Clogged commode if only one commode is in the apartment. (Resident please attempt to plunge before calling).

OPTION 2 (voice mail choice 2)
Semi-emergencies: Our technician will respond within 24 hours between Friday 5 p.m. and Sunday 5 p.m. (If a call comes in on a Sunday - Thursday night, MSC Maintenance will respond to the request during normal hours on weekdays.) In case of the following, MSC Maintenance should be contacted as soon as possible:

- Loss of hot water
- Inoperable refrigerator
- Inoperable range or pilot light
- Clogged commode (2 or more commodes; Residents please plunge first)
- Stopped-up sink
- Stopped-up tub
- Loss of A/C (emergency response will be at the discretion of management)

OPTION 3 (voice mail choice 3)
Non-emergencies will be repaired by MSC Maintenance during normal weekday business hours. Non-emergencies include, but are not limited to the following:

- Inoperable dishwasher
- Inoperable garbage disposal
- Inoperable washer/dryer

LEGAL LIABILITY INSURANCE

Most properties require that Residents obtain $50,000 in legal liability insurance to protect the property from accidents and damage. You will need to provide us with proof of coverage one month prior to your new or renewal lease start date, otherwise you may be enrolled in an insurance program through MSC. You may provide proof of coverage at any time to opt out of our program effective the following month.

RENTERS INSURANCE

Did you know that your Landlord is not responsible for your personal belongings should a leak, fire or other damage occur in your home? It's true and accidents happen! If equipment failure or an accident occurs and your personal property is damaged in any way, MSC is not responsible for replacing it or compensating you in any way. Renters Insurance is inexpensive! We strongly urge you to obtain Renters Insurance.

CONDUCT AND NOISE COMPLAINTS

Living in a community requires consideration of others, especially where noise is concerned. Residents and their guests are expected to extend common courtesy to their neighbors. To avoid noise from overcrowding, the maximum number of persons allowed in an apartment at any given time should not exceed 10 depending on the size of the dwelling.

Most noise complaints result from boisterous behavior, loud stereo systems and pets. If you encounter noise problems, we suggest that you first talk to your neighbors about the problem. Often Residents do not realize how clearly sound travels.

There is a noise ordinance in the City of Charlottesville and in some of the surrounding counties. We will provide a copy of the Charlottesville ordinance upon request. Please contact the local police if you are experiencing a serious problem after our regular office hours. Also notify your Property Manager the following business day with the apartment number of the offending Resident and the details surrounding the complaint. Please be advised that repeated noise complaints may result in warnings and possible eviction, should the problem continue.

You are responsible for the actions and damages of your guests and any uninvited guests who may enter our property as a result of your party or gathering, whether you are aware of their actions or not. **All costs incurred by the Landlord as a result of a party or gathering will be your responsibility**, so plan your parties well and avoid large crowds which may get out of control.

SMOKE DETECTORS

You are responsible for maintaining your smoke detector during your occupancy of the premises. Smoke detector alarms are installed to give you early warning of dangerous smoke. Upon move-in, you are provided with a certification stating that your alarm has been tested and is in good working order. Most of our properties' smoke detectors are equipped with a lithium 9-volt battery. Due to its long life, these batteries are more expensive than other 9-volt batteries. If the battery should fail during your occupancy, please immediately notify our Maintenance department.

Please be advised that if this battery is removed from your smoke alarm at any time during your residency, or if the battery is missing at the time of your move-out inspection, you will be billed for the replacement of the battery, which is approximately $25.00. Please test your smoke detector periodically. This is for your own safety and that of your neighbors in the event of a fire.

Do not disconnect your smoke detector. You could be held liable for unhooking it during your residency. Please help us utilize this safety feature to its maximum potential by keeping it in good working order at all times. If you have a battery operated detector, an intermittent beeping means that the battery is running low and you should contact the Maintenance department for replacement of the battery.

LOCK OUT SERVICE

During regular business hours, a key may be borrowed from our office in the MadHouse located

at 780 Madison Avenue. This key may be used free of charge, but must be returned by 5 p.m. on the day the key was borrowed. Failure to return this key can result in a charge and possible lock replacement costs.

After business hours, it is necessary to call Maintenance at 434-971-6811. You must provide a name, phone number and address when calling to request after-hours lockout service. A lockout service fee is incurred when the request is made for lockout service.

This service is provided to Residents as a convenience only. We want to assist you but we cannot guarantee that we will be able to give you access at all times. **Attempting to gain entry through windows or by other means is prohibited.** Damage occurring as a result of attempting to gain entry by windows or any other means will be billed to the Resident.

Only Residents on the Lease may request lock out service. Positive identification will be required when MSC provides the key.

For your safety it is important that you secure all locks to your apartment at all times. You should carry all keys with you at all times. **MSC staff members are required to secure all locks when leaving your apartment.** Please note that locks are not changed when there are name additions/deletions or renewals, subleases, etc. to the Lease Agreement. **We are happy to provide this service upon the request of the Resident and at the Resident's expense.**

VEHICLES

Most of our properties require a permit to be displayed authorizing the vehicle to be parked in that property's parking lot.

Please drive carefully on the property. **Park in marked spaces only, never in fire or traffic lanes**. In order to obtain a parking permit, you must provide a valid registration and valid driver's license. Have your parking permit, if your property requires one, displayed clearly on your rear windshield at all times. If the sticker will not be visible through the rear window, it may be placed on the front windshield behind your rearview mirror. Handwritten passes are not acceptable, and your vehicle may be towed if you have a handwritten pass. If your permit is damaged or vehicle changed, bring your old permit to our office in the MadHouse located at 780 Madison Avenue for a substitute permit. **You must return your damaged sticker. If you do not you will be required to pay a sticker replacement fee of $100.00**.

In order to protect all Residents, towing is unfortunately necessary to keep fire and traffic lanes clear. **Any vehicle parked illegally, even with a permit, can be towed at any time, without notice, at your expense**. Towing will also occur if you are illegally parked at another MSC property. Your sticker authorizes use of your individual parking lot only. Do not park on lawns or sidewalks.

If towed, your vehicle may be recovered at:

Collier's Towing Service
202 5th Street, SW.
Charlottesville, VA 22903
434-295-4941

Recovering your vehicle promptly will help keep your cost at a minimum.

Any vehicle that is in an unsightly state of disrepair, has flat tires, is jacked up on supports, is

inoperable, or lacks proper state licensing or inspection may not remain on the property for more than 24 hours. Any vehicles violating this rule are subject to towing at the owner's expense without warning. We ask that you do not wash or repair vehicles in the parking area.

Refer to parking policies specific to your property at the back of this manual.

BICYCLES, MOTORCYCLES

Bicycles must be stored inside your apartment or at designated bike racks. At no time can they be stored on the apartment landings, under any stairs or attached to any railing of any part of the building. If a bicycle is found attached to a railing or part of the building, it will be immediately removed, without notice. Bicycles of unsightly repair may be removed by management without prior notice to the owner. Management Services is not responsible for any damage or theft of any bicycle(s).

The City and State Fire Codes prohibit the placing of bicycles, motorcycles, and trash at entrances or on/under steps or landings of buildings. Mopeds and motorcycles can never be put inside apartments. They must be kept in the parking lot. Motorcycles should obtain a parking permit and should be parked in the same space as your vehicle (if you have one). This is extremely important on properties with limited parking.

WINDOW COVERINGS

All windows and glass doors must be covered with white or off-white lined draperies or blinds. Please check the cover page of your Lease to see what blinds, if any, your property supplies.

HARDWOOD FLOOR CARE

Residents of homes with hardwood floors are responsible for the care and upkeep of the hardwood floors. The floors should be kept clean of all dirt and debris. For daily cleaning, the floors can be swept and damp mopped. When cleaning the floors, use warm water and a mild detergent. **DO NOT** put any type of wax product on these floors. **It is required by management that Residents cover at least 75% of their wood flooring with area rugs IN ALL apartments and homes.** This will help to reduce noise transference and to protect the hardwood floors from wear and tear. It is also recommended that you use casters on all furniture to prevent scratching of the flooring. When vacating, please sweep and damp mop the hardwood floors, **DO NOT wax and buff.**

MAIL

Please refer to the Property Specific Policies at the back of this manual for mailbox locations.

The MSC office located in the Madhouse at 780 Madison Avenue will not accept packages or other mail for our Residents. Please make sure to hold your mail if you will be gone for an extended period. Also, when vacating your apartment, be sure to provide the Post Office with your forwarding address so that your mail will go to the correct location. MSC will not forward any mail to residents after they have vacated.

UTILITIES

Electricity must be connected in your name from the day the Lease begins and must remain connected throughout the entire Lease period. Any electrical service, which is not covered under your service account during the Lease term may be billed to you by MSC to recover our costs for electric service to your apartment, including connection fees. **Unfortunately, if MSC pays an electric bill for service in your apartment due to the service not being connected in the Resident's name, you will be billed an additional $50 for each bill received.**

The property owner does not maintain telephone and cable lines inside the building and apartment. MSC will assure a working land-line phone jack and cable jack is functional within a common area only. *Phone line Maintenance insurance, which should cover any or most repairs is available through the phone company, and is highly recommended*. Problems with phone or cable lines should be reported to your phone or cable provider. Alterations or additions such as phone jacks may be installed only with your Property Manager's approval and at your expense.

All phone and cable wires must be secured along the baseboard or doorjambs and cannot cross thresholds, traffic areas, hallways or any common area in the apartment. Please contact your Property Manager should you have any questions about this matter.

Please refer to the property specific policies at the end of this handbook for more detail on the utilities at your community.

SATELLITE DISHES

Under certain restrictions, the installation of an individual satellite dish within a Resident's leasehold premises is permitted. Before installation you must contact your Property Manager to review the restrictions and sign the appropriate addendum to your Lease Agreement.

TRASH DISPOSAL

Some properties offer dumpsters or other containers for trash service. This service is provided **for disposal of household trash only.** Do not dispose of furniture, boxes, moving debris, cardboard, clothing, etc. in these containers. Please do not sit trash outside of the dumpster on the ground, as animals will tear the bags and spread the trash. The City and State Fire Codes prohibit the placing of trash at entrances or on steps or landings of buildings. **The cost associated with the removal of any trash from your apartment entrance will be billed to the Resident.** This includes cigarette butts and any other debris thrown from porches. All items other than household trash should be disposed of at the Rivanna Solid Waste Authority, or other facilities at the expense and responsibility of the Resident. You might also consider donating items to the Salvation Army or other such charity organizations, or selling items to a second-hand or used furniture business.

Contact numbers include:

Rivanna Solid Waste Authority:	434-977-2976
Salvation Army:	434-295-4058
Charlottesville Refuse/Recycling Collection:	434-970-3830

Please refer to policies specific to your property at the back of this manual for trash collection information where you live.

COMMON AREA USAGE

The area surrounding your apartment including lawns, sidewalks, and any other free space inside the community are to be enjoyed with consideration of your neighbors. Personal items left in the common areas will be removed and disposed of without notice, at the expense of the Resident. These areas must be kept free of litter such as cigarettes, trash, bottles, etc. Please refer to policies particular to your property at the back of this manual.

EXTERMINATION

MSC provides extermination services at many of our communities at no charge to our residents. At some communities however, exterminating services are at the expense of the residents. If you would like to have your apartment exterminated at any time during the year, please call our Maintenance Department at 434-971-6811. We can tell you at that time if your community is covered or if the charges will be passed along to you.

Should you ever experience bites from fleas, bed bugs or any other insect, you must notify your Property Manager immediately. Left untreated, these types of insects can spread rapidly and therefore need immediate attention. You may be found accountable for all costs associated with treatment if proper notice is not given to your Property Manager. Your home will be considered bed bug free if you do not report a problem immediately after your lease begins.

GRILLS

Use of personal grills varies depending on the property. Please refer to the property specific policies at the back of this manual.

APPLIANCES AND PLUMBING

No washer, dryer, portable dishwasher, locks, or other equipment may be installed in any MSC home without written permission of the Landlord.

You are responsible for any misuse or abuse of the appliances and equipment in the apartment.

Please keep all appliances and fixtures clean and in good order. Grease and food spills should be cleaned from the oven, stovetop, and apron underneath on a regular basis. Please report any malfunctions in any appliance. If you have questions regarding the operation of your appliances please call our Maintenance Department at 434-971-6811.

Air Conditioning: If applicable, set the thermostat to "COOL" and "AUTOMATIC" at the desired temperature. Run your air conditioner for an adequate amount of time before reporting unit inefficiency. For increased efficiency and lower utility bills, set the thermostat no lower than 10 degrees below outside temperature.

Shower Stalls/Tubs: Do not clean with any abrasive cleaners that will scratch the surface of your tub surround walls. We recommend *Liquid Mr. Clean or Liquid Spic-n-Span.* Never use Bleach. Always close your shower curtain fully during use to prevent leakage and use a heavy bath mat on the floor. You will be responsible if water flows into the floor level below your bathroom. Mold and mildew can be kept to a minimum if you regularly clean and keep your bathroom ventilated. If you discover that the caulk or grout around your shower/tub is deteriorating, please contact Maintenance.

Toilets and Drains: Please use a plunger to try to clear a clogged toilet. If this attempt is not successful, call for assistance. Do not flush paper towels, cotton swabs, tampons, condoms, diapers, or any foreign objects down drains. There may be a charge for removal of any foreign objects as well as any resulting damages. A plunger has been provided with each apartment for you to use to attempt to clear a toilet clog prior to contacting the Maintenance department. In the event that you report a clogged toilet and the Maintenance department is able to clear the clog by simply plunging the toilet, you will be billed the cost. If your apartment does not have a plunger, please contact Maintenance.

Emergency Shut-offs and Switches: These are located under toilets and in the furnace closet. Locate the handle under each toilet so that you can turn it off if there is ever a leak. In the furnace closet, a switch turns the heating off fully if you think that there is a serious problem with the unit. Always report any appliance or plumbing problems to Maintenance.

Washers and Dryers (where applicable): If your apartment is equipped with a washing machine and dryer provided by the Landlord, the Landlord agrees to maintain the machines. It is the responsibility of the Resident to clean and maintain the drain and lint screens on their washer/dryer units. The Resident will be responsible for service, repairs, and any subsequent damage caused by Resident abuse or neglect. Resident(s) will also be responsible for any damage caused by overflow due to improperly loading or overloading the washing machine. **If your apartment home has a**

front loading washer, you must use only low sudsing detergent such as Tide HE or Wisk HE in powder or liquid form. Repair needs should be reported to our Maintenance Department.

Dryer Vents (where applicable): At any time that you find your dryer vent detached please call the Maintenance Department.

Ice Makers (where applicable): The lever on the icemaker determines if it makes ice or not. If the lever is pulled all the way up, it will not make ice. Please keep plastic bags away from the icemaker.

Microwaves (where applicable): Please follow the directions provided with your microwave. Please do not use steel wool to clean microwave doors.

Dishwashers (where applicable): Please follow the directions provided with your dishwasher. Use only dishwasher detergent in the machine, never hand soap or dish soap, as this will cause your dishwasher to not operate properly, and may result in a flood. Do not put anything in the Jet Dry dispenser that is not a Jet Dry product, as this will cause your dishwasher to operate improperly.

Garbage Disposals (where applicable): Garbage disposals are for food waste disposal only. **Service required as a result of foreign objects in the disposal will be billed to the resident.** Heavy or fibrous food waste, such as cornhusks or cobs, seeds, onionskins, rice, and bones, should not be placed in the disposal. For proper operation, turn on cold water, let it flow a few seconds prior to turning on the disposal, and feed waste slowly into disposal. Let water continue to flow for several seconds after the disposal has completely cleared. In the event your disposal shuts off while in operation, turn the switch to "off" and attempt to reset the disposal by depressing the "reset" button that is typically located on the side or underside of the disposal unit. If resetting does not solve the problem, call the Maintenance Department for repair. **NEVER put your hands or fingers inside the disposal!**

Furnace Closet/Hot Water Heater Closet: Do not place any items in this closet. This space is designed to hold only your hot water heater and gas furnace. The potential for a fire hazard is great if items are stored in this area. You may be billed for the removal of items from this area.

Energy Savers: Keeping your blinds/draperies closed will help insulate your windows. Conserve water by promptly reporting running toilets, leaking faucets, faulty showerheads, etc. to the Maintenance Department at 434-971-6811. When the shower is in use, no water should come out of the tub spout at the same time. Contact the Maintenance Department if you notice this happening.

Electricity outages: If you experience a loss of power, check your breakers (if they are located in your apartment) before calling Dominion Virginia Power or our Maintenance Department.

Heat: During cold winter months you must maintain your heat at no less than 55 degrees to prevent pipes from freezing and bursting.

SAFETY AND SERVICES

The entire apartment should be kept free of trash and debris, including all hallways, patios, furnace closets, balconies, entry landings, and stairways.

No dangerous or flammable fluids are to be kept inside the apartment at any time.
Where applicable, stored items should be placed at least 3 feet from furnaces and hot water heaters.

The balconies and porches are to be kept neat and orderly at all times. Conventional patio furniture, bicycles, and plants are allowed on the balcony. Inappropriate furniture, kegs, trash, laundry, towels, blankets, clothes, etc. may not be stored on the balcony. In addition, nothing is to be thrown from your balcony at any time. If clean-up is necessary below your balcony, you will be billed for the time and disposal fees.

No more than 6 persons are permitted on balconies at one time. Railings, balconies, and porches must **never** be climbed over or loosened by anyone. Such action could result in serious injury or death.

Broken windows and doors will be replaced immediately by MSC, at the Residents expense. If screens are torn or pulled from the building, Residents are charged for the cost of repair or replacement. Do not try to enter the apartment through the screened windows and balcony doors. Damaged screens look like easy access to your apartment to people driving or walking by. Please report them promptly to Maintenance at 434-971-6811.

Replacing interior and exterior apartment light bulbs is the responsibility of the Resident. Should you notice any common area lights that need replacing, please call the Maintenance Department at 434-971-6811.

HOVERBOARDS NOT PERMITTED

Due to continuing reports highlighting the safety risks (injury to self, others and fire risk) of self-balancing electric wheeled boards (Hoverboards), *the* use, possession, charging and/or storage of these devices is prohibited at the property. These devices are commonly referred to as "Hoverboards," but may also be referred to as *Swagways, IO Hawks, and Skywalkers*. The devices' batteries can burst into flame, especially while being charged, resulting in a metal fire that can burn with intense heat.

PETS

Please see the property specific policies at the back of this manual pertaining to policies. **Please note that any unregistered pet found on the premises will result in a fine that will be applied to your rental account.**

WINDOW SAFETY

In June 2000, the U.S. Consumer Product Safety Commission released safety guidelines to help prevent falls from windows. Management Services Corporation supports window safety and has taken the following precautions to assist Residents in preventing window falls.

Window screens are not designed or intended to protect from falls. Therefore, **window stops will be installed on all windows upon the Residents request**, which will allow Residents to restrict the window opening. Please **keep furniture away from windows** to discourage anyone from climbing near windows.

Window guards are also available for installation at the Residents request and expense. Window guards screw into the sides of a window frame and have bars set 4" or less apart.

It is the Resident's responsibility to notify management of any window problems or if window stops need to be replaced. Please contact the Maintenance Department at 434-971-6811 if you have any questions or concerns about thumb locks, window safety or additional window protection.

SNOW

Residents are responsible for clearing snow away from their vehicles. As conditions permit we will strive to clear parking lots and sidewalks of snow and ice; however, please use caution whenever there is inclement weather.

MADHOUSE

The clubhouse has four main areas: Clubroom with kitchen and gaming room, exercise room with tanning bed and business center. In order to access the clubhouse you will need to pay a fee and sign for a limited access key fob. Key fobs will only be issued to current Residents, so please bring an I.D. with you to obtain your key. All times listed below are subject to change based on seasonal needs. *Please be aware that all of these areas (including the parking lot) are under video surveillance 24 hours a day to prevent damage and destruction of property, unauthorized use and/or vandalism.*

GENERAL POLICIES FOR ALL AREAS:

- MadHouse is for MSC Residents only.
- The entire building is a SMOKE FREE and ALCOHOL FREE facility. Smoking is only permitted on the exterior of the building. Please extinguish all smoking cigarettes and cigars prior to entering the building in the ash cans provided. Anyone found smoking or consuming alcohol while inside the premises will lose his/her privilege to use the facility.
- Pets are not allowed in any part of the MadHouse.
- Please note that you are responsible for your actions and the actions of your guests whenever you are using the facility. Any damages caused by you or your guests (whether known to you or not) will be billed back to your rental account.
- From time to time the MadHouse may be rented for private functions during which time it will be closed. Please stop by or contact the MSC office should you wish to rent the clubroom for private events.
- Please be mindful of other people when using the TV or stereo equipment as to not unreasonably disturb other guests.
- Use of the tanning bed requires a release of liability, which can be obtained in the Leasing Office.
- Use of this facility is at your own risk.
- Parking is available for those using the building. Unauthorized vehicles can be towed from the parking lot at the owner's expense.

CLUBROOM AND GAME ROOM:

- Unless rented for a private function, the clubroom along with the game room is open daily from 10:00 a.m. to 11:00 p.m. When our office is closed, there will be a clubhouse attendant on-site to monitor the activities and assist you with the equipment.
- In order to use the gaming equipment you will need to bring an I.D. The game balls will be available in the office or with the clubhouse attendant after hours.
- Please return the game balls when you are finished. Note that if you fail to return any equipment, you will be charged for the replacement cost.

FITNESS CENTER AND BUSINESS CENTER:

For your convenience the exercise room and business center will generally be open each day from 5:00 a.m. to 11:00 p.m. We have a few policies set in place to help you maximize your enjoyment of these facilities.

FITNESS CENTER:

- All participants will need to sign a release form in order to use the fitness center. Keys to the clubhouse limited access door will be provided once the fee is paid and a form is signed.
- Please refrain from using glass containers.
- Limit your use on any one machine to 30 minutes.
- Report any malfunctioning equipment to the office or clubhouse attendant.
- We ask that you abide by any “out of service” signs and refrain from using the equipment until it’s repaired.
- When using the TV or stereo, be mindful of other guests in the facility.
- Please bring a towel with you and wipe down the machines when you are finished using them.
- Place all debris in the proper trash receptacles.

BUSINESS CENTER:

- Keys to the clubhouse limited access door will be provided once the fee is paid and a form is signed.
- Please do not bring food or drinks into the business center.
- Paper will not be provided for the printer so please be sure to bring your own copy or printer paper.
- A fax machine is available for local faxes only.
- Remove all debris from the area when you are finished.
- Please be sure to bring a thumb drive with you to work from and save to. The hard drives should not be used to store your personal work.
- Alterations to the computers, printers and fax are prohibited. This includes, but is not limited to: adding/re-routing cords, power supply, software, hardware, speakers, etc.

Please note, that we have installed filters on our computers to prevent the use or viewing of pornographic or illicit websites. Any participant found searching or visiting such websites will have his/her privileges revoked.

We are delighted to be able to offer such a unique and awesome place for our Residents to gather. We hope that you will enjoy your time at the MADHOUSE!

ALTERATIONS

As a Resident, you are prohibited from making alterations, installations (including installation of additional locks or chain latches), repairs or redecoration of any kind to the premises without the prior written consent of the management. This includes painting your apartment. MSC does not intend to unreasonably withhold consent, but may require you to return the premises to its original condition when the Lease term is completed. No signs, lights, satellite dishes, or antenna wires may be installed on the exterior premises or in the windows.

ASBESTOS

The Federal Occupational Safety and Health Administration (OSHA) passed legislation (59 FR 40964 1910.1001) requiring Property Owners/Managers to disclose that certain building materials are presumed to contain asbestos. OSHA deems all thermal system insulation, sprayed or troweled on surfacing materials, and floor coverings installed prior to 1981 to be potential asbestos containing building materials.

This regulation was developed to heighten awareness among employees and contractors working in buildings that may contain asbestos. Asbestos is only a hazard when fibers become airborne through excessive abrasion, impacting, or demolition. Though the regulation's primary function is to protect and inform workers who may potentially impact asbestos, a secondary purpose is to notify Residents about the presumed presence of asbestos in building materials.

As a residential structure built prior to 1981, all thermal system insulation, sprayed or troweled on surfacing materials, and floor coverings in your community and apartment are presumed to contain asbestos. This information has been provided to you so that you will not make alterations to the structure of your residence without the express written consent of Management Services Corporation.

WATERBEDS

Because of the potential for extensive water damage and because of the enormous weight of a waterbed, prior permission must be obtained from your Property Manager before a waterbed will be allowed on the premises. Proof of insurance is mandatory if permission is granted. Please refer to the policies particular to your property at the rear of this manual for additional information.

LEASE RENEWALS

We appreciate long-term Residents and encourage renewals. We will be contacting you well in advance of your Lease end date to determine if you will be staying in your apartment for an additional year. You will be asked to respond to us by a specified date in order for us to reserve your apartment and remove it from our availability. It is particularly important that we hear from you by the deadline provided, as demand for apartments in the University area is very high.

Should one resident renew and others decide to vacate the security deposit remains with the renewing lease. There are no security deposit reimbursements when a lease renews. If you have further questions regarding the renewal process, please contact our leasing staff.

LEASE-TAKEOVERS, SUBLETS AND SUBSTITUTIONS

Because of your personal liability and our obligation to act in accordance with The Fair Housing Laws, no advertisement for Lease-takeovers or sublets and no agreement to take over a Lease or sublet are to be done without the expressed written permission of the Management.

Lease Takeovers: Residents cannot engage in re-rents or Lease-takeovers without prior written permission from the Landlord. Please contact the Leasing Office for the current policy details if you wish to pursue a Lease-takeover or re-rent.

Subleases: Subleases will be signed for anyone wishing to vacate the apartment for three months or less. Once the Sublease terms are determined, MSC will sign the necessary paperwork and complete the transaction to ensure that the new Resident has proper access to all of our services. Fees apply. Please contact the Leasing Office for the current policy details.

Any Resident found to have subleased his/her apartment without notifying MSC of a subtenant and completing the necessary paperwork will be charged a fee of $250.00.

Name Addition/Deletion: Name additions and deletions are allowed during the lease term following policy and rental criteria. Fees may be incurred. Please discuss this process with a Leasing Associate.

MOVE IN CONDITION REPORTS

Please carefully review your Move In Condition Report, which will be given to you upon move-in. This list itemizes permanent imperfections that will not be repaired or billed to you since they existed prior to your taking the apartment. Any changes or additions to the Condition Report must be completed and returned to our office in the MadHouse five (5) days after the date your lease contract begins.

VACATING

Upon termination of this Lease, all Residents shall completely vacate the premises, including the removal of all personal property and furniture at or before **12:00 NOON.** Resident shall turn over to the Landlord the premises and all its fixtures and equipment in good and substantial repair, reasonable wear and tear expected. Resident(s) may request to be present at the time the Landlord inspects the premises to verify the condition of the premises and its content. Residents shall prepare their apartment for inspection according to the Cleaning Guidelines in this manual.

All keys, including knob lock, deadbolt, mailbox, laundry cards, and clubhouse key fobs, as applicable, must be returned to the Management Services Corporation office. Each Resident will be asked to sign a Key Return Form at the time keys are returned and will also be asked to indicate whether or not the apartment has been fully vacated. Upon notice from any Resident that the apartment is no longer occupied, Landlord will assume the right of possession.

Each Resident, upon returning his or her keys, relinquishes all rights and privileges granted under the Lease and returns possession to the Landlord for any and all purposes. These rights include, but are not limited to, parking, use of the swimming pool, use of the clubhouse and right of entry into the apartment. The Landlord may assume that the condition of the apartment at the time keys are returned is the condition in which the Resident intended to leave it. In the event that all keys have not been returned by **NOON** of the termination date of your Lease Agreement, and the apartment has been vacated, possession of the premises will return to the Landlord, and charges for re-keying the apartment will become the Resident's responsibility.

No right of storage is given to Residents after the Lease Agreement ends, and Landlord has no duty to protect the Resident's possessions against loss. Residents will be charged for all costs to remove or dispose of abandoned trash and/or property once the Lease has ended. Any abandoned property will be handled in accordance with the Virginia Residential Landlord and Tenant Act, Section 55-248 38.1. Please see your Property Manager for more specific details of this procedure.

SECURITY DEPOSIT RETURNS

Please review carefully your Move In Condition Report, which is given to you upon move-in. This list may itemize permanent imperfections in the apartment that will not be repaired or considered your responsibility at move-out.

The guidelines that are presented in this manual represent your responsibilities during your Lease Agreement and at move-out. Deductions from your security deposit will unfortunately result when you fail to meet these requirements.

Management reserves the right to assess the quality of the work you have done, or contracted professionally, at move-out; and deductions may occur as a result of poor cleaning or other work performed by the Resident for move-out.

Pursuant to the Virginia Resident Landlord and Tenant Act, the return of the security deposit will be issued by one check payable to all Residents if a forwarding address is provided. Therefore, it is the responsibility of the Residents to provide us with a forwarding address of the person that will distribute the funds appropriately between roommates.

Deductions will be made for damages existing at the time of move-out. These damages include, but are not limited to:

1. Holes in walls or wallpaper damage in excess of normal wear and tear, including, but not limited to, damage resulting from adhesives, nail holes, masking tape, hooks, etc.
2. Painting walls back to the original color.
3. Missing or damaged screens or blinds.
4. Damage to doors and windows.
5. Carpet stains, rips, and tears.
6. Damage to hardwood floors.
7. Additional/Excessive cleaning.

RESTORATION FEE CLEANING GUIDELINES

Within 24 hours of moving into the apartment, MSC recommends that you inspect your apartment

to assure Cleaning Guidelines have been met.

It is the Resident's responsibility to leave the apartment "broom clean". That means all surfaces are wiped and swept clean. The non-refundable Restoration fee pays for the following:

Steam clean carpets (not to include spot removal or excessive damage)
Wax & buff hardwood floors (where applicable)
Touch up painting
Clean appliances (not to include scrubbing, scraping of food or spills)
Clean kitchen cabinets & countertops
Light cleaning of vinyl flooring in hallway, kitchen and bathroom
Clean bathroom fixtures and countertops
Two light bulb replacements
Clean mini-blinds and windows
Sweep clean balcony
Clean washer/dryer (where applicable)
Clean shelving in closets, cabinets, etc.

The nonrefundable Restoration Fee will not cover the cost incurred by the Landlord for excessive cleaning of the apartment and or the carpets and floors, repairing pet damage, repairing wall damage, painting walls back to the original color, removing trash, debris or personal items, repairing and/or replacing fixtures including but not limited to, mini-blinds, screens, windows, doors, faucets, sinks, lights, cabinets, tile, countertops, and railings. Any excessive cleaning and/or damage will be deducted from the remaining deposit on hand or billed in excess.

Finally, we understand that no one wants to be charged for repairs. If you have any questions regarding possible charges, please contact your Property Manager.

We hope that the information provided in this Resident Handbook will help to make your residency with us more enjoyable. If you should ever need assistance, please feel free to contact your Property Manager or Marketing Associates.

Enjoy your apartment!

POLICIES AND PROCEDURES
POLICIES PARTICULAR TO

132 Chancellor Street

GRILLS

The use of grills or any object containing combustible fuel, such as torches, insect repelling lights, etc. are not permitted at 132 Chancellor. These items can be removed, without notice, at the Resident's expense.

HARDWOOD FLOOR CARE

It is required by management that Residents cover at least 75% of their wood flooring with area rugs IN ALL apartments and townhomes. This will help to reduce noise transference and to protect the hardwood floors from wear and tear. It is also recommended that you use casters on all furniture to prevent scratching of the flooring.

Hardwood floors are to be dust mopped, vacuumed or swept as often as necessary. Walking on dusty or dirty floors will quickly damage the floors. Proper care of the hardwood floors is solely the responsibility of the residents. Damage caused by neglect of the hardwood floor will be billable to the tenants.

MADHOUSE & FITNESS CENTER ACCESS

If you are interested in access to the Madhouse facilities, including the fitness center, please contact your Property Manager about the applicable fees for the key fob.

MAILBOXES

Mailboxes are located at the street entrance of the building, near the main house front door of Apartment #2. No key is required.

PARKING

Each unit at 132 Chancellor has assigned parking spaces that are designated in the following way: Unit #1 has 2 assigned space, Unit #2 has 6 assigned spaces, Unit #3 has 2 assigned spaces and units #4 & 5 have 3 assigned spaces each. All assigned spaces are numbered to correspond with the apartment unit # they are designated for. They are for the exclusive use of those Residents. In the event that an unauthorized vehicle is occupying your parking space, you are authorized to tow from your designated parking space. We recommend that you contact Collier's Towing at (434) 295-4941, as they are familiar with parking policies at MSC. As we strive to fulfill

our resident's parking needs first, guest passes will not be given for any reason at 132 Chancellor. You may not let your guest park in your designated parking space. Any guest's car that is parked in the parking lot runs the risk of being towed. All residents must obtain a valid parking sticker from our leasing office in The Mad House in order to

park in the Chancellor parking lot, limit one sticker per resident. Not all apartments have enough assigned spots for each Resident living in that apartment.

Please drive carefully on the property. Park in marked spaces only, never in fire or traffic lanes. In order to protect all Residents, towing is unfortunately necessary to keep fire and traffic lanes clear. Any vehicle that is double parked, blocking a dumpster, or impeding the flow of traffic through the parking lot at any time can be towed, without warning at the owner's expense - even with a valid parking sticker. Handwritten passes by you or your guests are not permitted, and offending vehicles are subject to being towed at the owner's expense.

If you or your guest's vehicle is towed, you should contact Collier's Towing Service at 434-295-4941 or the Charlottesville Police Department to recover your vehicle.

PETS

Pets are not permitted.

TRASH

Trash bins are located at the entrance to the property. All trash is taken to Van der Linde recycling and is sorted to recycle as much trash as possible. Please put trash inside the trash bins. If you find that a bin is full, please use another one. Do not place trash outside of the dumpster on the ground, as animals will tear the bags and spread the trash. Please do not leave trash bags or other debris outside of your apartment entrance. If it is necessary for us to remove the trash, your account will be billed. This includes cigarette butts and any other debris thrown off balconies.

WATERBEDS

Because of the potential for extensive water damage as well as the enormous weight, waterbeds are not permitted.

UTILITIES

Required:

Electricity (Dominion Virginia Power)	888-667-3000

Optional:

Telephone (Century Link)	434-974-6928
	866-304-6820
Cable (Comcast)	888-266-2278

DISCLOSURE OF LEAD-BASED PAINT AND LEAD-BASED PAINT HAZARDS

RESIDENTIAL SITE: 132 Chancellor Street
INSPECTION COMPANY: Dominion Environmental Group, Inc.
INSPECTOR: Robert E. Hazelton, VA License # 3356-00016

The EPA Residential Lead-Based Paint Hazard Reduction Act Of 1992 requires that information be given to prospective tenants regarding lead-based paint. Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not taken care of properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, landlords must disclose the presence of known lead-based paints and lead-based paint hazards in the dwelling.

On January 03, 1996, Dominion Environment Group, Inc. (DEG) conducted testing of representative surfaces for lead-based paint and lead-bearing dust at the 132 Chancellor Street. Testing was performed in a randomly selected unit #2, common and exterior areas. The following is the summary of identified lead-based paint and lead-based paint hazards. Complete testing data reports are available upon request.

Exterior LBP: Exterior lead-based paints were identified during an inspection of representative surfaces at 132 Chancellor Street Apartments. Exterior LBP limited to front door casings.

Interior LBP: Interior lead-based paints were identified during an inspection of representative surfaces at 132 Chancellor Street Apartments. Interior LBP included window components, door components, baseboards, chair rails, and mantels. Common area LBP included window components, baseboards and front door casing.

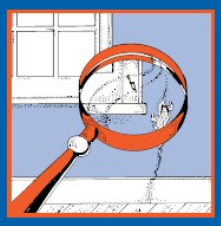
Copies of the actual testing reports provided by DEG can be accessed from your property manager at (434) 977-2702.
Lead-Based Paint was banned in 1978, subsequently all successive layers on non-lead paint are affectively protecting the lead paint surfaces. Copies of the actual testing reports provided by Dominion Environmental Group, Inc. can be accessed from your property manager at Management Services Corporation, 434-977-2702.

Simple Steps To Protect Your Family From Lead Hazards

If you think your home has high levels of lead:

- Get your young children tested for lead, even if they seem healthy.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children eat healthy, low-fat foods.
- Get your home checked for lead hazards.
- Regularly clean floors, window sills, and other surfaces.
- Wipe soil off shoes before entering house.
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Take precautions to avoid exposure to lead dust when remodeling or renovating (call 1-800-424-LEAD for guidelines).
- Don't use a belt-sander, propane torch, high temperature heat gun, scraper, or sandpaper on painted surfaces that may contain lead.
- Don't try to remove lead-based paint yourself.

Recycled/Recyclable
Printed with vegetable oil based inks on recycled paper (minimum 50% postconsumer) process chlorine free.



Protect Your Family From Lead In Your Home

United States Environmental Protection Agency

United States Consumer Product Safety Commission

United States Department of Housing and Urban Development

Are You Planning To Buy, Rent, or Renovate a Home Built Before 1978?

Many houses and apartments built before 1978 have paint that contains high levels of lead (called lead-based paint). Lead from paint, chips, and dust can pose serious health hazards if not taken care of properly.

OWNERS, BUYERS, and RENTERS are encouraged to check for lead (see page 6) before renting, buying or renovating pre-1978 housing.

Federal law requires that individuals receive certain information before renting, buying, or renovating pre-1978 housing:

LANDLORDS have to disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a disclosure about lead-based paint.

SELLERS have to disclose known information on lead-based paint and lead-based paint hazards before selling a house. Sales contracts must include a disclosure about lead-based paint. Buyers have up to 10 days to check for lead.

RENOVATORS disturbing more than 2 square feet of painted surfaces have to give you this pamphlet before starting work.

IMPORTANT!

Lead From Paint, Dust, and Soil Can Be Dangerous If Not Managed Properly

FACT: Lead exposure can harm young children and babies even before they are born.

FACT: Even children who seem healthy can have high levels of lead in their bodies.

FACT: People can get lead in their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.

FACT: People have many options for reducing lead hazards. In most cases, lead-based paint that is in good condition is not a hazard.

FACT: Removing lead-based paint improperly can increase the danger to your family.

If you think your home might have lead hazards, read this pamphlet to learn some simple steps to protect your family.

Lead Gets in the Body in Many Ways

Childhood lead poisoning remains a major environmental health problem in the U.S.

Even children who appear healthy can have dangerous levels of lead in their bodies.

People can get lead in their body if they:

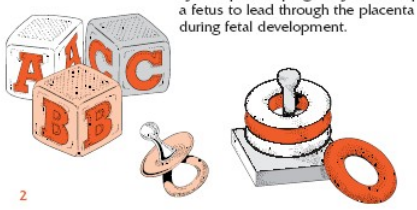
- Breathe in lead dust (especially during renovations that disturb painted surfaces).
- Put their hands or other objects covered with lead dust in their mouths.
- Eat paint chips or soil that contains lead.

Lead is even more dangerous to children under the age of 6:

- At this age children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Lead is also dangerous to women of childbearing age:

- Women with a high lead level in their system prior to pregnancy would expose a fetus to lead through the placenta during fetal development.



Lead's Effects

It is important to know that even exposure to low levels of lead can severely harm children.

In children, lead can cause:

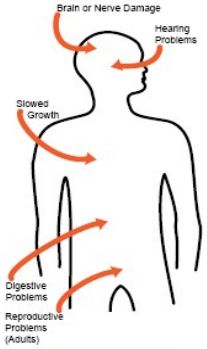
- Nervous system and kidney damage.
- Learning disabilities, attention deficit disorder, and decreased intelligence.
- Speech, language, and behavior problems.
- Poor muscle coordination.
- Decreased muscle and bone growth.
- Hearing damage.

While low-lead exposure is most common, exposure to high levels of lead can have devastating effects on children, including seizures, unconsciousness, and, in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults too.

In adults, lead can cause:

- Increased chance of illness during pregnancy.
- Harm to a fetus, including brain damage or death.
- Fertility problems (in men and women).
- High blood pressure.
- Digestive problems.
- Nerve disorders.
- Memory and concentration problems.
- Muscle and joint pain.



Lead affects the body in many ways.

Where Lead-Based Paint Is Found

In general, the older your home, the more likely it has lead-based paint.

Many homes built before 1978 have lead-based paint. The federal government banned lead-based paint from housing in 1978. Some states stopped its use even earlier. Lead can be found:

- In homes in the city, country, or suburbs.
- In apartments, single-family homes, and both private and public housing.
- Inside and outside of the house.
- In soil around a home. (Soil can pick up lead from exterior paint or other sources such as past use of leaded gas in cars.)

Checking Your Family for Lead

Get your children and home tested if you think your home has high levels of lead.

To reduce your child's exposure to lead, get your child checked, have your home tested (especially if your home has paint in poor condition and was built before 1978), and fix any hazards you may have. Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect high levels of lead. Blood tests are usually recommended for:

- Children at ages 1 and 2.
- Children or other family members who have been exposed to high levels of lead.
- Children who should be tested under your state or local health screening plan.

Your doctor can explain what the test results mean and if more testing will be needed.

Identifying Lead Hazards

Lead from paint chips, which you can see, and lead dust, which you can't always see, can both be serious hazards.

Lead-based paint is usually not a hazard if it is in good condition, and it is not on an impact or friction surface, like a window. It is defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter, or more than 0.5% by weight.

Deteriorating lead-based paint (peeling, chipping, chalking, cracking or damaged) is a hazard and needs immediate attention. It may also be a hazard when found on surfaces that children can chew or that get a lot of wear-and-tear, such as:

- Windows and window sills.
- Doors and door frames.
- Stairs, railings, banisters, and porches.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Dust also forms when painted surfaces bump or rub together. Lead chips and dust can get on surfaces and objects that people touch. Settled lead dust can re-enter the air when people vacuum, sweep, or walk through it. The following two federal standards have been set for lead hazards in dust:

- 40 micrograms per square foot ($\mu g/ft^2$) and higher for floors, including carpeted floors.
- 250 $\mu g/ft^2$ and higher for interior window sills.

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. The following two federal standards have been set for lead hazards in residential soil:

- 400 parts per million (ppm) and higher in play areas of bare soil.
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard.

The only way to find out if paint, dust and soil lead hazards exist is to test for them. The next page describes the most common methods used.

Checking Your Home for Lead

Just knowing that a home has lead-based paint may not tell you if there is a hazard.

You can get your home tested for lead in several different ways:

- A paint **inspection** tells you whether your home has lead-based paint and where it is located. It won't tell you whether or not your home currently has lead hazards.
- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards.
- A combination risk assessment and inspection tells you if your home has any lead hazards and if your home has any lead-based paint, and where the lead-based paint is located.

Hire a trained and certified testing professional who will use a range of reliable methods when testing your home.

- Visual inspection of paint condition and location.
- A portable x-ray fluorescence (XRF) machine.
- Lab tests of paint, dust, and soil samples.

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency (see bottom of page 11) for more information, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.

Home test kits for lead are available, but may not always be accurate. Consumers should not rely on these kits before doing renovations or to assure safety.

What You Can Do Now To Protect Your Family

If you suspect that your house has lead hazards, you can take some immediate steps to reduce your family's risk:

- **If you rent, notify your landlord of peeling or chipping paint.**
- **Clean up paint chips immediately.**
- **Clean floors, window frames, window sills, and other surfaces weekly.** Use a mop or sponge with warm water and a general all-purpose cleaner or a cleaner made specifically for lead. REMEMBER: NEVER MIX AMMONIA AND BLEACH PRODUCTS TOGETHER SINCE THEY CAN FORM A DANGEROUS GAS.

- **Thoroughly rinse sponges and mop heads after cleaning dirty or dusty areas.**
- **Wash children's hands often, especially before they eat and before nap time and bed time.**
- **Keep play areas clean.** Wash bottles, pacifiers, toys, and stuffed animals regularly.
- **Keep children from chewing window sills or other painted surfaces.**
- **Clean or remove shoes before entering your home to avoid tracking in lead from soil.**
- **Make sure children eat nutritious, low-fat meals high in iron and calcium,** such as spinach and dairy products. Children with good diets absorb less lead.

Reducing Lead Hazards In The Home

Removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

Always use a professional who is trained to remove lead hazards safely.

In addition to day-to-day cleaning and good nutrition:

- You can **temporarily** reduce lead hazards by taking actions such as repairing damaged painted surfaces and planting grass to cover soil with high lead levels. These actions (called "interim controls") are not permanent solutions and will need ongoing attention.
- To **permanently** remove lead hazards, you should hire a certified lead "abatement" contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent removal.

Always hire a person with special training for correcting lead problems—someone who knows how to do this work safely and has the proper equipment to clean up thoroughly. Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Once the work is completed, dust cleanup activities must be repeated until testing indicates that lead dust levels are below the following:

- 40 micrograms per square foot ($\mu g/ft^2$) for floors, including carpeted floors;
- 250 $\mu g/ft^2$ for interior windows sills; and
- 400 $\mu g/ft^2$ for window troughs.

Call your state or local agency (see bottom of page 11) for help in locating certified professionals in your area and to see if financial assistance is available.

Remodeling or Renovating a Home With Lead-Based Paint

Take precautions before your contractor or you begin remodeling or renovating anything that disturbs painted surfaces (such as scraping off paint or tearing out walls):

- **Have the area tested for lead-based paint.**
- **Do not use a belt-sander, propane torch, high temperature heat gun, dry scraper, or dry sandpaper** to remove lead-based paint. These actions create large amounts of lead dust and fumes. Lead dust can remain in your home long after the work is done.
- **Temporarily move your family** (especially children and pregnant women) out of the apartment or house until the work is done and the area is properly cleaned. If you can't move your family, at least completely seal off the work area.
- **Follow other safety measures to reduce lead hazards.** You can find out about other safety measures by calling 1-800-424-LEAD. Ask for the brochure "Reducing Lead Hazards When Remodeling Your Home." This brochure explains what to do before, during, and after renovations.

If not conducted properly, certain types of renovations can release lead from paint and dust into the air.

If you have already completed renovations or remodeling that could have released lead-based paint or dust, get your young children tested and follow the steps outlined on page 7 of this brochure.

Other Sources of Lead

While paint, dust, and soil are the most common sources of lead, other lead sources also exist.

- **Drinking water.** Your home might have plumbing with lead or lead solder. Call your local health department or water supplier to find out about testing your water. You cannot see, smell, or taste lead, and boiling your water will not get rid of lead. If you think your plumbing might have lead in it:
  - Use only cold water for drinking and cooking.
  - Run water for 15 to 30 seconds before drinking it, especially if you have not used your water for a few hours.
- **The job.** If you work with lead, you could bring it home on your hands or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- Old painted **toys** and **furniture.**
- Food and liquids stored in **lead crystal** or **lead-glazed pottery or porcelain.**
- **Lead smelters** or other industries that release lead into the air.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture.
- **Folk remedies** that contain lead, such as "greta" and "azarcon" used to treat an upset stomach.

For More Information

The National Lead Information Center

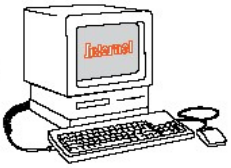
Call **1-800-424-LEAD (424-5323)** to learn how to protect children from lead poisoning and for other information on lead hazards. To access lead information via the web, visit **www.epa.gov/lead** and **www.hud.gov/offices/lead/.**

EPA's Safe Drinking Water Hotline

Call **1-800-426-4791** for information about lead in drinking water.

Consumer Product Safety Commission (CPSC) Hotline

To request information on lead in consumer products, or to report an unsafe consumer product or a product-related injury call **1-800-638-2772**, or visit CPSC's Web site at: **www.cpsc.gov.**



Health and Environmental Agencies

Some cities, states, and tribes have their own rules for lead-based paint activities. Check with your local agency to see which laws apply to you. Most agencies can also provide information on finding a lead abatement firm in your area, and on possible sources of financial aid for reducing lead hazards. Receive up-to-date address and phone information for your local contacts on the Internet at **www.epa.gov/lead** or contact the National Lead Information Center at **1-800-424-LEAD.**

For the hearing impaired, call the Federal Information Relay Service at **1-800-877-8339** to access any of the phone numbers in this brochure.
